Summary

Frontend-focused Software Engineer with hands-on experience building production React.js/Next.js applications, a strong Data Structures & Algorithms foundation (200+ LeetCode problems solved) and AI/ML projects. Skilled across the MERN stack, with a track record of shipping performant, scalable, user-facing features.

Education

ABES Engineering College, Ghaziabad

July 2020 – Aug 2024

- Bachelor of Technology in Computer Science – GPA: 8.41/10

BloomingDale School, Budaun

2018 – 2020

- Class XII: 92.4% Class X: 92.6%

Experience

Frontend Intern | Kasper Infotech Pvt. Ltd.

Feb 2026 – Aug 2026

- Completed a **six-month internship program in Frontend Development**, gaining hands-on experience building and shipping real production features.
- **Engineered** streamlined user interfaces and dynamic layouts using **React.js** and **Tailwind CSS**, reducing average user scrolling and navigation time while improving overall usability.
- **Implemented** smooth, animations, eliminating layout stutter and decreasing Cumulative Layout Shift (CLS).
- **Collaborated** in agile sprints to translate complex UI/UX design mockups into production-ready web features.

Freelance Frontend Developer | The Shail Organics

Sept 2025 – Jan 2026

- **Engineered** a high-converting e-commerce interface using **Next.js** and **Chakra UI**, prioritizing performance and aesthetic appeal.
- **Developed** reusable React components and integrated dynamic UI elements to enhance user engagement.

MERN Stack Training | Q Spiders

Aug 2025 – Jan 2026

- **Completed** intensive, industry-aligned training in the **MERN Stack**, covering end-to-end full-stack development.
- **Collaborated** on full-stack web solutions, implementing modern **React.js** workflows and RESTful principles to build interactive user dashboards.

The Sparks Foundation, Web Development Intern

March 2025 – April 2025

- Full-stack web development projects as an Intern, building practical experience with HTML, CSS, JavaScript, and modern React.js frameworks.

Technical Skills

Languages: C++, JavaScript (ES6+), HTML5, CSS3, SQL

Frontend: React.js, Next.js, Redux, Tailwind CSS, Bootstrap, Chakra UI, Framer Motion

Backend: Node.js, Express.js, MongoDB, MySQL, RESTful APIs, WebSockets

AI/LLM: LangChain, Retrieval-Augmented Generation (RAG), LLM Integration, Prompt Engineering

Machine Learning: KNN, Decision Trees, Random Forest, SVM, Gradient Boosting, MLP, CNN, LSTM

Core CS: Data Structures & Algorithms, Object-Oriented Programming, Operating Systems, System Design Fundamentals

Tools & Other: Git/GitHub, Vercel, Cloudinary, Stripe API, Generative AI tooling

Projects

Course Sphere – LMS Platform

live | github

- **Architected** a full-stack e-learning ecosystem using the **MERN stack**, implementing **JWT Authentication** and Bcrypt for secure access control.
- **Integrated Stripe API** for secure payments and **Cloudinary** for optimized cloud-based media management.
- **Designed** data models in **MongoDB Atlas** to support scalable, complex user-course relationships.

NURTURE – ML Model for Healthy Parent-Child Relationships (Published, IEEE)

github | IEEE

- **Designed** an analytical **ML** model to classify child mood from physiological signals (heart rate, pulse, temperature, skin sensitivity), **published as an IEEE research paper**.
- **Benchmarked** classifiers – **KNN, Decision Tree, Random Forest, SVM, Gradient Boosting, MLP, CNN, LSTM** – across 6/8/10-class mood schemes for optimal accuracy.

Corporate Website Redesign

- **Revitalized** a corporate digital presence using **React.js** and **Tailwind CSS**, focusing on performance optimization and SEO-friendly structure.
- **Implemented** immersive UI with **Framer Motion** and **Swiper.js**, reducing bounce rates, and connected frontend views to **Node.js** services for low-latency data flow.

Achievements

- Solved **200+ Data Structures & Algorithms problems** on LeetCode; participated in **ACM W-Hack 2022**.
- Completed **Machine Learning with AI** (Internshala) and **Web Development for Beginners** (HTML5/CSS3/JS) certs.
